North Stonington Supports The Arc New London County

The Arc New London County received \$1,575 from the Town of North Stonington to support its Community Life & Advocacy program for 2018. CL&A has provided recreation, socialization, self-advocacy and civic engagement programs for people with intellectual and developmental disabilities throughout southeastern Connecticut for 65 years, and is the only program of its kind in the region. It receives no state or federal funding and relies on private, municipal and foundation donations as well as United Way donations to provide its wide variety of services. The Town of North Stonington has been a key supporter of the agency for many years, and several residents and their families currently take advantage of its programs.

For more information on The Arc NLC's programs, or to participate in Community Life & Advocacy, please contact Denise Tift at (860) 889-4435, ext. 116.
